

Peak Performance Rests on a Healthy Bedding.

“Specialized Bedding for Specific Needs”

“At KESMARC we are always looking for the best products in Equine Healthcare. Hunt Club[®] Bedding has solved every issue in enabling us to give our horses the cleanest and best sleeping environment we have ever seen. It is simply the best bedding for the health of the horse.”

-Kirsten Johnson, Kentucky Equine Medicine and Rehabilitation Center

RESEARCH HAS PROVEN:

- 40 - 50% of adult horses are affected by allergies
- Some of the allergies contribute to mucus in the airways
- Mucus is a mediator or incubator for disease in the horse
- Mucus inhibits race performance

ACTUAL CASE STUDIES REPORT:

- Horses with allergies, whether it be skin or airway, greatly improve with Hunt Club[®] Bedding and proper medical treatment.
- Hunt Club[®] Bedding plays a critical role in reversing the irritated condition. It also reduces the reoccurrence of future respiratory episodes.
- Hunt Club[®] offers a significantly reduced bacterial content compared to straw, shavings and other bedding. As a result, it is the preferred bedding choice when addressing allergies, respiratory issues and post-operative conditions.

Can You Imagine...

Your Stalls Always being ...Dry ...Dust Free ...Odorless
..with Air Cushion Comfort that is Environmentally Friendly

"My home is above this active breeding facility. By replacing shaving and straw with Hunt Club® Horse Bedding the dual purpose of eliminating odor and providing a safe bedding for the newborn foal is accomplished."

- Reno Alessio, Alessio Arabians, Bath, OH

- **COST LESS:** The high absorbency of Hunt Club® Bedding requires fewer stall strip-outs.
- **VIRTUALLY DUST-FREE:** From setting-up to mucking out, dust is no longer a problem. It eliminates health problems caused by dust.
- **DRASTIC REDUCTION OF ODOR:** Reduce unpleasant and dangerous ammonia odors. Hunt Club® Bedding is treated with an all natural mineral, proven safe and effective in absorbing moisture and eliminating ammonia odor.
- **CUSHION COMFORT:** The honeycombed layers of corrugated kraft create a cushion of air, providing extra comfort for horses and their foals.
