### **HUNT CLUB ANIMAL BEDDING**

Lexington, KY - Hunt Club, LLC announces it has joined with Grief Inc (NYSE: GEF) to make corrugated animal bedding in Louisville, Kentucky.

Hunt Club is healthier, warmer and more comfortable for the horse and is *four times more absorbent* than traditional shavings or straw. It is ideal for horses with respiratory or post surgical issues and helps prevent allergies or other respiratory ailments.

Hunt Club Chief Operating Officer, George Collins states, "Our bedding can replace traditional wood shavings and straw. It is dust free, environmentally friendly bedding that is easy to handle and compost".

It will be packaged in a compressed 35 pound bale to cover eight cubic feet of stall space.

For more information see us on the web at [www.huntclubinc.com](http://www.huntclubinc.com) or call 1-800-622-1862.
